Whereas the Corporation of the Town of Cornwall is desirous of constructing & permanent highway on Water St from Adolphus St to York St under the sanction and with the approval of the Prov. Highway Board.

And whereas the said work is constructed it is necessary that the Government Sewer on Water St between the said streets, which is at present a small storm sewer constructed by the Gov. of Canada, should be replaced by a larger and improved sewer in order to provide proper outlet for the various sewers emptying into the said Gov Sewer

And whereas the Corporation of the Town of Cornwall was deprived of its natural outlet to the River St Lawrence for Drainage Purposes by reason of the Construction of the Cornwall Canal.

And whereas the liability of the Gov. of Canada has been recognized by the Construction of the said Government Sewer now in place as well as by the construction of a permanent Sewer for the Drainage of Park and water Streets westerly to connect with the Gov. sewer under the Canal at Lock 18 constructed some 30 years ago as the files in the Department will show.

Mr. Chisholm had served the Town of Cornwall as a member of Council and for two terms as Mayor, in 1912 and 1922. He loved the Town which he had made his home and was always ready to do anything he could to further its interests. The years in which he served as Mayor were outstanding in the history of the Town and he contributed in no small way to its development.

He took a deep interest in the development of Seaway at Cornwall, under the International Waterways Commission, and attended numerous meetings of the Commission and contributed by voice and pen to the promotion of the scheme. Special Meeting

A Special Meeting of the Town Council re Cornwall Bridge was held this evening when there were present Mayor C. Mallinger, Reeve H. Mallinger, 1st. Dep. Reeve R. J. Moneley, 2nd. Deputy Reeve Pierre Davis, Councillors:- Rayette, Bonneville, Phillips and Adams.

re Cornwall Bridge

A letter from A. N. Smith, M.P. re Bridge was read and on motion of Coun. Rayette, seconded by Coun. Bonneville, the following resolution was passed:

"The Municipal Council of the Town of Cornwall is unanimously in favour of the construction of a bridge across the St. Lawrence River adjacent to the Town of Cornwall - which shall be wholly in Canadian Territory and according to the maps, plans and specifications submitted by Arnold N. Smith, Esquire, M.P. We understand that a bill authorizing the construction of such a bridge is to come before a Committee of the House of Commons in the near future. There is no bridge for vehicular traffic across the St. Lawrence River in Ontario and it is felt in this Eastern part of the Province that such a bridge would direct a large amount of traffic into Eastern Ontario and that part of the Province of Quebec south of Montreal and would be of incalculable value to that territory. This Council hopes that the bill may be considered favourably by the Committee and ultimately be adopted by Parliament."

On motion of Coun. Rayette, seconded by Coun. Phillips, the clerk was authorized to send a copy the above resolution to the Prime Minister, the Right Honorable W. L. Mac Kenzie King and to each member of the Committee.

On motion of Reeve Mallinger, seconded Coun. Rayette, Council adjourned.
